

working together to build a better region

A **town hall meeting** is an informal public meeting where everybody in a county is invited to attend, **voice their opinions and share ideas** on how to work toward a better community, county and region. Join us for the town hall meeting in your area and **let's talk!**

Meeting participants will have the chance to voice their thoughts on a variety of topics and **share ideas for partnerships and working toward solutions**. As a result, the true voice of those living in the county and region will be gathered, offering needed insight for future planning. The perspectives raised in these meetings will help Buckeye Hills learn how to best serve people living in the 8-county region.

let's talk!
